EDUCATION

B.E. (Information Technology)
JSPM's Rajarshi Shahu College of Engineering

06/2018 - Present   *9.52 SGPA*

HSC
Nowrosjee Wadia College

05/2016 - 03/2018   *73.85 %*

PERSONAL PROJECTS

Plagiarism Checker ⎋
- A simple Web App to analyse a given text as plagiarised or unique.
- Used HTML, CSS, and JavaScript for the Front-end and used web Scraping in php to get Google Search results for all the sentences in the given text and compare for a match.
- Generates a Score based on the Plagiarism level and Unique lines found.

Smart-brain App ⎋
- An App that detects the faces in a given photo.
- Used React JS for the front-end, Node.js for the backend server which is connected to a PostgreSQL database for storing user information.
- Used a Face Detection API by Clarifai to get search results.

E-Commerce Database System ⎋
- An E-commerce Database System for my Mini Project for TE-IT.
- Used HTML, CSS, JavaScript to Create the Frontend. Used FLASK as a framework to connect python backend to a MySQL database.
- Used Git to coordinate with the team members. Used Google's Material Design Components and fundamentals to create a beautiful UI.

EXPERIENCE

Software Engineer Intern
Possibillion Technologies

05/2021 - 07/2021

- Developed the Backend of an OTT platform App using Node.js, Express, and MongoDB from scratch with all the latest standard best practices.
- Learnt and used technologies like Amazon Cognito, Google Firebase, JWTs for the Authentication of the REST APIs. Also used Digital Ocean S3 Spaces for Media and Object Storage.
- Collaborated with other teammates for efficient integration with the frontend on all the different platforms.

Web Developer Intern
English Summary

11/2020 - 05/2020

- Created many tools for Keyword Research and English Language Tools using PHP, HTML, CSS, JS.
- Some of the tools include Citation Generator for Research students, Article Rewriter, Plagiarism Checkers, Dictionaries, Syllable Counter, Word Counter and many more.
- English Summary & Explore Keywords are the main projects under which all tools were made.
